

For organizations interested in home stay and home visit programs

The Association acts as an intermediary and provides support for our volunteers who are registered as host families, and foreigners who would like to interact with Japanese people through everyday life experiences.

This program will only be available to affiliated organizations registered under the "International Affiliate Liaison Conference" or organizations confirmed to have similar and/or matched objectives with the association. Therefore, we do not accept requests from individuals for several reasons such as guarantor, etc. The association does not take any responsibility and will not be liable for any issues occurred during participant's stay. All decisions and actions will be up to the requested organization's discretion.

1. Introduction

- **Upon receiving a request from the organization, the association will match the organization with registered host families (Form 3 and 4).**
- **Once a match is established, the association will introduce the host family to the organization. The association will also provide information of the host family that the participant would like to know (family structure and rules, etc.).**

2. Honorarium

The host family will be recruited given the understanding that the remuneration amount will be decided by the organization. The organization shall make payment directly to the host family.

3. Follow-up system

If the organization does not or is unable to provide a feedback survey, the association will ask the host family and the home stay participant for their feedback on ways to improve the program.

In addition, if the host family has any requests or concerns regarding the participant during his/her stay, the association will relay this information to the organization in order to allow both parties to interact amicably for the remainder of the program.
