What's the Bounty of the Homeland Society?

At AVAZ, an Italian restaurant on Odori Street in Morioka, we meet up with Iwate farmers/fishers/producers to enjoy a course menu made with local ingredients they've produced. Locally produced, locally consumed. We decide a theme each time, Invite the producers, and have a nice dinner together with some great food. We've held this meetup almost 40 times, with around 40 participants each time.
