

- My schedule doesn't match up with Japanese classes in my area, so I can't go
- There are no Japanese classes near me
- I am looking for a language speaking partner

For situations like these

Japanese language supporters are here!!!

What is a Japanese language supporter?

→ **Someone who will help you study Japanese.** There are supporters with and without specialized knowledge in Japanese language teaching, so we can recommend someone who matches your preference.

(We recommend a Japanese language supporter with specialized knowledge for people who can't speak Japanese at all or people who want to study high level Japanese.)

How will you study?

- The Japanese learner and the supporter will work together one on one.
- You will talk with the supporter and decide about the specifics of your study such as your study time, duration, place, and cost.

How can I meet a supporter?

Association character Asun

1 Submit a Japanese supporter introduction request form

2 We will look for a supporter

The association will search for a supporter to help you study. Once a supporter is found, we will let you know by phone or email.

3 Meeting up

You will decide what you will study, for how long, and other details with your supporter.

Let's start learning Japanese!
